## DOMINION ORDERS IN COUNCIL.

(Ref. 707,305)

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 19th day of June, 1902.

PRESENT:

THE RIGHT HONOURABLE THE ADMINISTRATOR IN COUNCIL.

ON a Memorandum, dated 9th June, 1902, from the Minister of the Interior, stating that by an Order in Council, dated 31st May, 1902, authority was given for the issue of a patent to the City Council of New Westminster of a certain tract of land in the Province of British Columbia, in connection with the Coquitlam Water-Works, from which the city water supply is taken, upon their complying with certain conditions therein specified; that an application has been filed in the Department of the Interior by The Vancouver Power Company, Limited, for land within the above

described tract, required for works they propose to erect; and that the City of New Westminster have, in writing, consented to the application being granted.

The Minister recommends that the Order in Council of 31st May, 1902, referred to above, be amended by excluding from the tract therein described such land as The Vancouver Power Company may require in connection with their works, conditional on the Company undertaking to use the said land for no other purpose; and that the land The Vancouver Power Company may require within the tract described in the said Order in Council of 31st May, 1902, and the available land surrounding Trout Lake in the same locality, for which they have also applied in connection with their works, be sold to them at the regulation price of \$5.00 per acre, upon their filing in the Department of the Interior, within one year from 9th June, 1902, a plan of the survey of such lands approved by the Surveyor-General of the Department of the Interior.

The Committee submit the same for His Excellency's approval.

JOHN J. McGEE,  
Clerk of the Privy Council.

jy17

(Ref. 703,130.)

AT THE GOVERNMENT HOUSE AT OTTAWA,

Saturday, the 31st day of May, 1902.

PRESENT :

HIS EXCELLENCY THE GOVERNOR-GENERAL  
IN COUNCIL.

ON a Report dated 21st May, 1902, from the Minister of the Interior, submitting that the City Council of New Westminster, British Columbia, has made an application for a grant of the south-west quarter of Township 6, Range 6; the west half of Township 5, Range 6; and the west half of Fractional Township 4, Range 6, all west of the 7th Meridian; also Section 36, Township 39, W. C. M., in the Province of British Columbia, in connection with the Coquitlam Water Works, from which the City water supply is taken, and have offered the nominal figure of \$250 for this area.

The Minister represents that the Corporation state that the reason they apply for such a large area around the lake and river is that the water may be preserved from contamination, and that nearly all the land applied for consists of barren, rocky hills, with a few patches of comparatively level land from a few yards to a couple of acres in extent.

The Minister states that the Agent of Dominion Lands of the Department of the Interior at New Westminster has made the following report upon the application made by the City Council of New Westminster:—

"The growth of the City being, comparatively speaking, in its infancy, it is extremely important that this water supply shall be guarded and preserved from all sources of contamination. From an inspection made of this lake, it appears that only a small portion of the adjoining lands, namely, on the south-west side, could be made of any use whatsoever for cultivation, and, therefore, although the whole area included in the application might be considered as a large area, yet for all practical purposes it is of no commercial value. The lake lies in a valley and the lower stretches are covered with smallish timber, which improves the locality as a water basin, and it is considered very desirable that effective measures be taken to prevent this young timber from being destroyed by forest fire. There is very little merchantable timber in or surrounding the basin.

"As matters stand at the present time, an adventurer could easily settle on some point on the shores of the lake and cause great uneasiness, in many respects, to the City authorities and the inhabitants of the City who use the water."

The Minister, seeing no objection to the application made by the City Council of New Westminster being granted, recommends that a patent for the land be issued in their favour, upon receipt here of the amount they offer, namely, \$250, and on filing in the Department of the Interior, at their own expense, a plan of the survey of the tract applied for, approved by the Surveyor-General of the said Department.

The Committee submit the same for His Excellency's approval.

JOHN J. McGEE,  
Clerk of the Privy Council.
